Class II Permissive Change. Output power listed is conducted. This device may
be installed only in Silver Spring Products by Silver Spring or authorized installer. Only
antenna(s) documented in this filing may be used with this transmitter. The antenna(s)
used for this transmitter must be installed to provide a separation distance of at least 20
cm from all persons and must not be co-located or operating in conjunction with any other
antenna or transmitter. OEM integrators and installers must be provided with antenna
installation instructions and transmitter operating conditions for satisfying RF exposure
compliance.
