INVESTIGATING THE “SMART” GRID

A REVELATORY FILM BY JOSH DEL SOL

The eye-opening film **Take Back Your Power** will be shown on **January 12** at the **Sebastopol Grange @ 7:00 PM** followed by an expert panel and Q & A.

This documentary investigates the Smart Meter program being rolled out without informed consent. The film uncovers alarming issues about health, privacy, property rights, corporate fraud and the unprecedented vulnerability of the Smart Grid.

Starting in January, PG&E will be sending letters to Sebastopol customers forcing them to install a Smart Meter or pay fees to keep the safer analog meter. PG&E is ignoring the city's ban on Smart Meter installation.

Sliding scale \$10-\$20 with no one turned away for lack of funds.
